# The puppy stinker

Little girl blows up her dog with one fart

**A**nita Flora was in the comfort of her own home eating Doritos and any other nonsense and bullshit kids eat these days. She might seem innocent on the inside but she has a gastrointestinal stink of a ten-pound skunk. Anita claims she loved her puppy and never wanted to let it go, but that's not what mother, Gladys says. "She always hated that dog, she would put it in the toilet and leave it there for days without even checking on it once", says Gladys. And there you have it, yet another devil child is born again

**Party?**

***College Kids throw a party half-naked, with beers and crack!***

# Ugly Ass Does it Again

## Giving People AIDS Again!

**Girl Buys herself a toilet seat as a gift?**

**G**irl buya herself a toilet seat?! She's 43 and already has collected 267 toilet seats during birthdays, holidays, etc. She says her mom was a real big inspiration for her. Her mom Edma Colle was a Garbage Worker and died in 1989. The girl says she would always watch her mother clean the toilet seats, and after she was done the girl would lick them to make sure they have that lemon like taste. What will come of this to our future generations? The world may never know!
